Education, education, mental health: Supporting secondary schools to play a central role in early intervention mental health services. Nowhere is the crisis in children and young people's mental health felt more acutely than in our secondary schools, which increasingly find themselves on the frontline.

Education, education, mental health: Supporting - IPPR

The Importance of Play in Learning: Research & Resources. The value of play and its place in public school classrooms has long been debated. For years, kindergarten teachers have fought to maintain classrooms that include learning centers, free play, and outdoor recess to support student learning.

NEA - Early Childhood Education

Early childhood education often focuses on learning through play, based on the research and philosophy of Jean Piaget, which posits that play meets the physical, intellectual, language, emotional and social needs (PILES) of children. Children's curiosity and imagination naturally evoke learning when unfettered.
