In English law, natural justice is technical terminology for the rule against bias (*nemo iudex in causa sua*) and the right to a fair hearing (*audi alteram partem*). While the term natural justice is often retained as a general concept, it has largely been replaced and extended by the general "duty to act fairly".. The basis for the rule against bias is the need to maintain public confidence in ...

Natural selection is the differential survival and reproduction of individuals due to differences in phenotype. It is a key mechanism of evolution, the change in the heritable traits characteristic of a population over generations. Charles Darwin popularised the term "natural selection", contrasting it with artificial selection, which is intentional, whereas natural selection is not.
