Auticulture Network was formed in 2015 for and by autistic adults (18+) who find that connecting with nature provides a retreat from the pressures of life and an outlet for their creativity. With two easily accessible sites for gardening now established in Glasgow and more in the planning stages, there is ample opportunity to use the spaces for relaxation or just to enjoy the fresh air and ...

Anesthesia or anaesthesia (from Greek "without sensation") is a state of controlled, temporary loss of sensation or awareness that is induced for medical purposes. It may include analgesia (relief from or prevention of pain), paralysis (muscle relaxation), amnesia (loss of memory), or unconsciousness. A patient under the effects of anesthetic drugs is referred to as being anesthetized.

Our project for the first Maggie's Centre was completed in 1996. An extension was commissioned five years after and completed in 2001. Maggie's Centre at the Western General Hospital is the inspiration of the late Maggie Jencks - her vision was for a place cancer sufferers could go to get help and solace as well as access to independent and alternative sources of advice and treatment.
